PROJECTS

Clare Henderson Art | [Deployment](#)

- Front-end React application that showcases my artwork and my contact information. Offers a clean and streamlined shopping experience for clients. Created this site independently.
- JavaScript, React JS, CSS, Node.js, HTML

The Local | [Github](#) | [Deployment](#)

- Full Stack React application that allows local bands to create accounts and post their upcoming events. Site helps support local music in various cities by offering a one-stop shop for information about small bands, genres, and events.
- Javascript, HTML, CSS/Bootstrap, React JS, MySQL, sequelize, Node.js, express, axios, bcrypt, concurrently, Heroku, and Github

Cookbook | [Github](#) | [Deployment](#)

- Full-stack application that acts as a social media platform for recipes. Users can customize the content they want to see by following friends and saving their favorite recipes. A simplified and straightforward approach to finding recipes online, which can otherwise require a lot of sifting.
- JavaScript, Handlebars, CSS, Node.js, Sequelize, MySQL2, Express

Space Dashboard | [Github](#) | [Deployment](#)

- Front-end application that acts as a dashboard for a variety of information about current space events. An engaging and dynamic resource for space enthusiasts. Pulls from various NASA APIs, which are constantly updating.
- JavaScript, HTML, CSS

EXPERIENCE

Associate Software Engineer Infosys Ltd.

August 2021-present
Dallas, TX

Full-Stack Software Engineering consultant working primarily in Java. During training, learned in-depth Java concepts and OOP. Projects are all executed with an emphasis on test-driven development to maximize cleanliness and effectiveness of code.

Artist -- Self-Employed

2020 – Present

Abstract oil and acrylic painter selling work through my website, Instagram, galleries, and art consultant.

- Featured in The Poppy Society gallery in New Orleans, represented by Juliette Eberle art consulting in New York.
- [Portfolio](#)

Product Development Intern Natural Life

June 2020- August 2020
Ponte Vedra Beach, FL

Worked with the Product Development team at Natural Life, which is a small apparel and gift company. Helped them rebrand by brainstorming ideas for products. Worked with the tech team in their shift from Magento to Shopify.
